Art Activity Pack #2

Elementary School

Although the Longwood Center for the Visual Arts is temporarily closed, we want to continue to share our passion for creating art with our community. In this packet you will find activities to inspire your creativity and promote self-expression.

We hope you enjoy these art projects as much as we enjoyed creating them. We look forward to seeing you soon when we open our doors again. Until then, keep making, dreaming, and exploring your imagination.

**Sincerely,
The Longwood Center for the Visual Arts**

Illustrated Idiom

An idiom is an expression (word or phrase), which means something different from its literal meaning. For example, if I said: 'Don't worry, helping you with your homework is a piece of cake.' We would understand that the expression 'piece of cake' means, "it's easy". Normally, we wouldn't associate the word 'cake' when it is on its own as anything other than dessert. But in this context, it's a well-known idiom meaning that something is easy to do.

Look over the list of common idioms. Choose an idiom to illustrate in the frame below. Once completed, see if a friend or family member can guess your illustrated idiom.
