Paper Bag Polar Bear Puppet

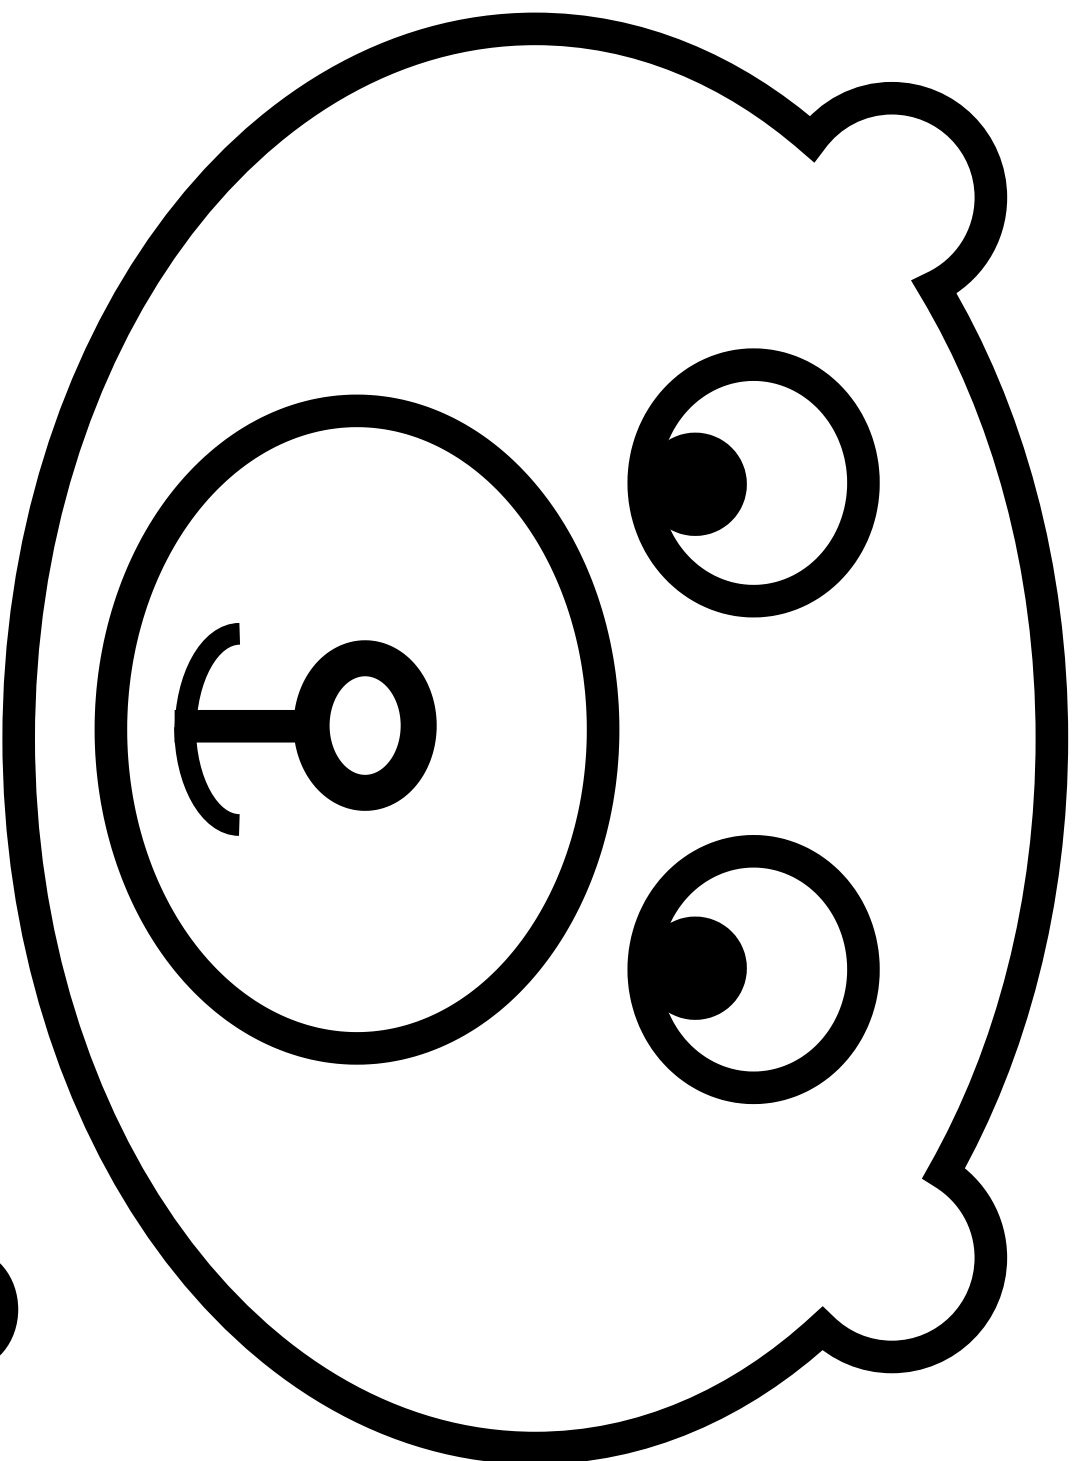

Step 1: Gather your supplies. For this activity you will need the polar bear template included with this packet, scissors, glue, a white paper lunch bag, and crayons or markers.

Step 2: Start by coloring the shapes on the template. You can use the photo to the left as a guide, or you can choose whichever colors would like.

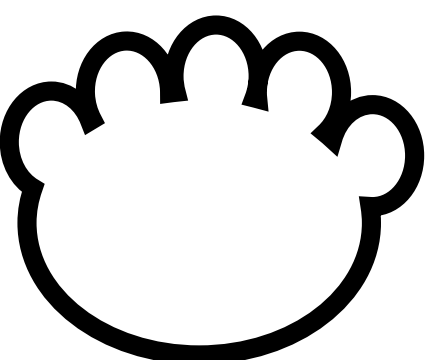

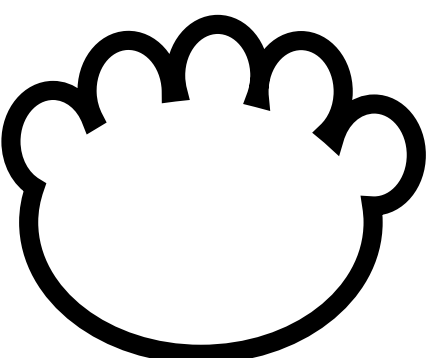

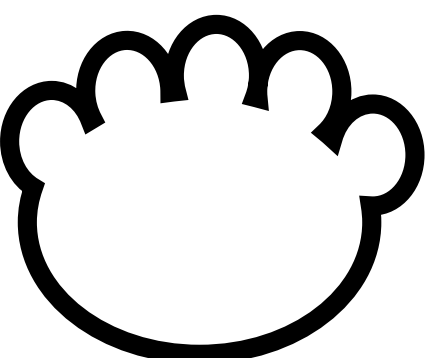

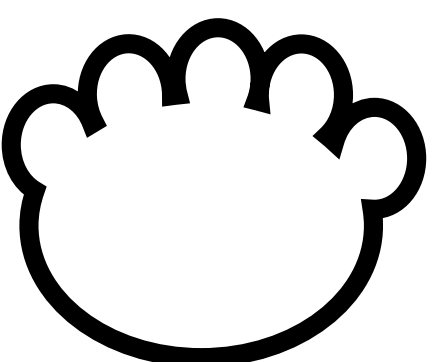

Step 3: Next, you will cut out all of the shapes on the template.

Step 4: Place your bag on your work surface with the opening facing down and the bottom flap of the bag on the top facing toward you. The flap will be the polar bear's mouth. You will glue the polar bear face on to the flap. Next, you will glue the paws onto the main part of the bag as shown above. You can add on any details such as a scarf, jacket, or anything else you like. Once dry, your polar bear puppet will be ready for your very own theater production or puppet show!

How to Fold a Snowflake

A Step-By-Step Guide

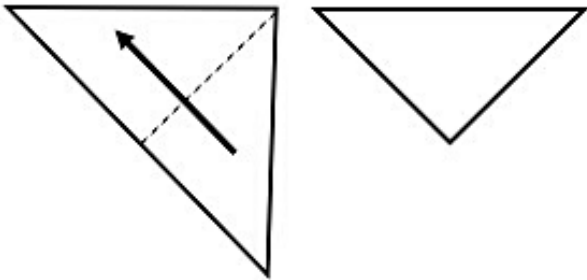

For your snowflake you will need a sheet of 8 1/2" x 11 1/2" paper, scissors, and the snowflake cutting templates included with this guide (or your own design).

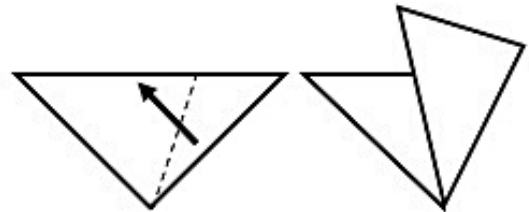

Step 1: First, you will need to make your paper into a square. To do this, you will fold the top right corner of the paper at angle as shown above. Cut off the excess paper at the bottom.

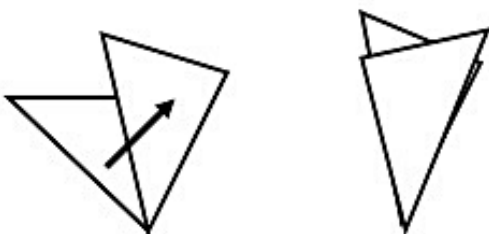

Step 2: Unfold the paper to make a square, and then fold the bottom left corner to the top right corner making a triangle.

Step 3: Make a smaller triangle by folding the bottom right corner to the top left corner.

Step 4: Fold the left right edge of the triangle at about a 60 degree angle as shown above.

Step 5: Repeat step 4 on the left edge of the triangle. Now you are ready to trace and cut your snowflake using the templates or make your own unique design.

Snowflake Template

Once you have folded your paper you can use the templates below to cut out your own beautiful snowflakes. Place the templates over your folded paper and cut the sections marked with an "X". You can also make up your own designs. Be creative and enjoy making a snowflake that is uniquely you.
